

JOIN THE STUDENT LEADERSHIP MENTORING COHORT AND HELP MAKE EARLY LEARNING MORE INCLUSIVE

Do you care about helping young children, especially children with disabilities? Are you curious how STEM can support all children in learning and growing?

If yes, we invite you to apply for the Student Mentorship! This 6-week program gives you mentoring, training, and support as a future early childhood educator.

What You'll Get:

- **Learn how to teach young children with disabilities**
- **Get one-on-one support from mentors who are leaders in early childhood education**
- **Use STEMIE resources in your coursework and future work**
- **Reflect each week to grow your understanding, skills, and confidence**
- **Meet and learn with other students and experts in virtual group meetings**
- **Build your resume with inclusive STEM early learning**
